

Atticus Health Aged Care Services - 1800 ATTICUS (1800 288 428)

Atticus Health medical services are tailored to the needs of elderly patients living in Aged Care and Residential Care facilities. Our practitioners are available 24/7, so you can rely on us when you need help the most.

We continue to offer GP consultations, both onsite and via telehealth phone consultations, and will abide by all safety measures and procedures to minimise the spread and impact of COVID-19 when required to visit your site.

Our priority during these challenging times is to continue to provide an excellent level of care whilst keeping all our patients and staff safe.

COVID-19 CARPARK TESTING

We are currently performing COVID-19 testing for Aged Care and Residential Care workers.

- Hastings Carpark Clinic by appointment only
- Weeknight between 6pm - 7.30pm
- Strict testing criteria apply - cold or flu symptoms, (fever, shortness of breath, cough, sore throat)
- Bulk billed telehealth appointment required prior to booking
- \$65 - relevant Medicare rebates do apply

Call **1300 COVID19 (1300 268 4319)** to enquire

We are encouraging Telehealth telephone consultations with our patients and welcome all existing and new patients to contact us on **1300 COVID19 (1300 268 4319)**.

Telehealth is a simple, cost effective and time-saving way for patients to connect with a GP, especially during this coronavirus outbreak where we are being asked to stay home and minimise social interaction.

At present, all telehealth consultations will be bulk billed.
